Dussehra and Diwali Festival Assignment 2025

Class II

(Based on Sustainable Development Goal No. 4 - Quality Education)

Name:

Class/Sec.

Roll no.

Date

T. Sign.

Dussehra or Vijayadashami is an important Indian festival, which signifies the victory of good over evil. It teaches us the importance of truth and righteousness. Furthermore, it makes us believe that there is light at the end of the tunnel. As you all are back to your classes after spending your Dusshera holidays, it is time to think creatively and answer the following questions –

- How do you think the Ramayana story might have unfolded differently if Sita hadn't been interested in the golden deer?
(SDG no. 16 Peace, Justice & Strong Institutions)

- What do you think were the problems for Lord Rama, Laxman, and the monkey army when they had to go to Lanka without any modern mode of transport like we have today?
(SDG 9. Industry, Innovation and Infrastructure & SDG 17. Partnership For The Goals)

3. What challenges do you believe Lord Rama, Sita, and Laxman encountered while living in the forest ? (SDG 15.Life On Land)

4. If you were placed in a situation similar to Rama, Sita and Laxman, what would your plan be for your survival in the forest ? (SDG 3.Good Health and Well-Being & SDG 6. Clean Water and Sanitization)

5. Draw a crown that you think may depict positive or negative personality traits of a king/leader make it creative.

Note: Submit the assignment by 28th October 2025 to the class teacher.

Happy learning and growing together !
