Dussehra or Vijayadashami is an important Indian festival, which signifies the victory of good over evil. It shows us the importance of truth and righteousness. Furthermore, it makes us believe in the light at the end of the tunnel. As you all are back to your classes after spending your Dusshera holidays, it is time to think creatively and answer the following questions –

1. How would have the story of Ramayana changed if Hanuman wouldn't have helped Ram in rescuing Sita ? (SDG no. 17 Partnerships for the Goal)

2. Maarich showed up as a golden deer seeing which Sita came out of the Laxman Rekha and was kidnapped by Ravana. According to you what is more important in a person, physical appearance or inner beauty ? Give reasons. (SDG no. 10 Reduced inequalities)

3. Kevat was a poor and needy boatman but helped Ram to cross the river without expecting anything in return. If you were Kevat would you do the same? Why or why not ? (SDG no. 8 Decent Work and Economic growth and Goal No. 1 No Poverty)

4. Ravana was a great scholar and a true devotee of Lord Shiva but his deeds led him to be killed by Ram. Why do you think Ravana's wrong deeds overpowered his intelligence and landed him in the middle of a war ? (SDG no. 16 Peace, Justice & Strong Institutions)

5. Ram sacrificed his kingdom for his father's respect and brother's love. If you are in a situation where you need to give up something which is very dear to you for someone you love, what would that be ? (SDG no. 16 Peace, Justice & Strong Institutions)

Note : Submit the assignment by 28th October 2025 to the class teacher.

Happy learning and growing together !
